## Amazing House T3 - Ribeira Brava, Madeira Island

Minimal, functional with sea side living re-imagined.

Design that is dedicated to creating space for escapism. Every detail is carefully curated. Slow luxury like never before, lived through the lens of enlightenment. A search for peace.  Stunning sky light voids above your abode.

Built using plenty of from sustainable wood, metal and recycled materials. Employs a fabric first approach to energy efficiency - wrapped in natural and recycled insulations to reduce energy demand before considering the potential of expensive ‘renewable’ energy systems.

We spend bulk of our time in living spaces that we call home. Each room is just built right for disconnection and privacy.
