EXTRAORDINARY LIFESTYLE VILLA with 5 BEDROOMS - FUNCHAL, MADEIRA

This house redefines the boundaries of design, living, and assimilation of natural habitat.
Designed for a family who want to escape the hustle and bustle of the city, the residence adopts a sculptural character and an impressive but functional design flow.
The result is a geometric house that blends harmoniously with its natural surroundings while creating a purposeful and sustainable spatial experience of modernity.
The residence re-imagines our way of living in a dwelling.
The architecture and space planning bring the elements from the outside in, creating a natural calm and meditative mood.

Minimal, functional with sea side living re-imagined. Design that is dedicated to creating space for escapism. Every detail is carefully curated. Slow luxury like never before, lived through the lens of enlightenment. A search for peace.
